

Research Worksheet

Write your research question/topic in two sentences or less:

--

Based on your research question, identify 2-4 of the main concepts/keywords:

Concept 1:

--

Concept 2:

--

Concept 3:

--

Concept 4:

--

Brainstorm a few synonyms or related-terms for each concept:

[illegible]

Research Worksheet

Construct a couple search queries based on your search terms. Refer back to the search tips you learned for more ideas:

Search 1:

Line 1

Boolean Operator

Line 2

Boolean Operator

Line 3

Search 2:

Line 1

Boolean Operator

Line 2

Boolean Operator

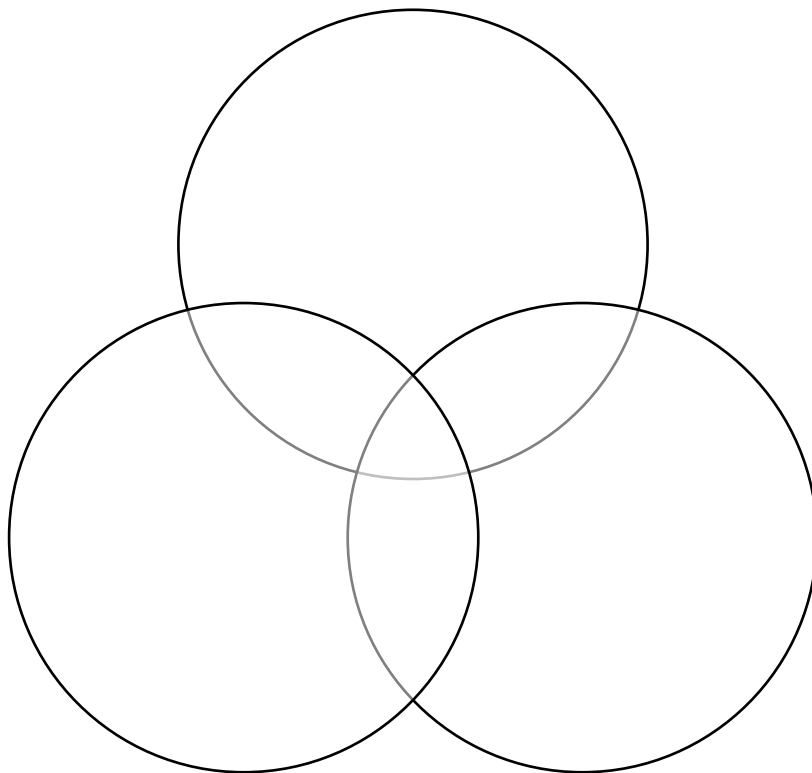

Line 3

Jot down ideas of databases and search tools you plan to use for this search:

Research Worksheet

Test out some searches and apply revisions! Use the space below to make notes about revisions you made or need to make:

Feeling stuck? Try visualizing your research project! Use this Venn diagram to visualize how your search terms/concepts are connected. Draw more bubbles as needed.

Research Worksheet

Reflect. How did it go? Making note of what went well and what didn't can help you plan searches in the future.
