FISCAL SOLVENCY STATEMENT

In submitting the 2014/15 Budget, the Board of Trustees understands its fiduciary responsibility to maintain fiscal solvency for the current and subsequent two fiscal years.

In order to maintain multi-year fiscal solvency under current budget assumptions, the District will need to make ongoing reductions of approximately \$4.5 million in 2014/15 in order to eliminate deficit spending. In conjunction with adoption of the 2014/15 fiscal year budget, a budget deficit elimination plan to address this spending imbalance, which includes budget reductions, streamlining and efficiency measures, and potential revenue transfers will be presented to Trustees for consideration and approval.
