Embracing young people's futures

Introducing the Les Twentyman Foundation

“

Every young person
deserves a future free of
poverty, abuse, violence,
discrimination
and isolation.

**Les Twentyman
Founder**

Working across Greater Melbourne, our dedicated team supports hundreds of kids aged between five and 25, who face multiple stresses holding them back from living a life that every child deserves, including poverty, mental health, unemployment, racism, addiction, domestic violence and crime.

Our work focuses on keeping children and young people engaged with their education, families and connected to the community, building hope and ensuring they do not end up homeless, living on the streets or engaged with the youth justice system.

Founded by legendary youth worker Les Twentyman OAM, we have a history of more than 30 years supporting at-risk youth. We know that keeping kids connected and engaged with their education, is key to helping young people create a brighter future for themselves and their families.
