Fiscal Year Ending June 30, 2018

FY18 BUDGET SCHOOL GOVERNANCE COUNCIL SIGNATURE PAGE

School Governance Councils share ideas and help make decisions on school practices related to the budget, staff needs, schoolwide improvement plans, and parent involvement activities. Together, parents and staff members develop school improvement initiatives to facilitate closer student, teacher, and parent/guardian relations and to increase student achievement.

School Governance Council members should sign, date and list their role on the council (e.g., teacher, parent, community representative, principal or student).

The FY18 (2017-2018) School Budget reflects consensus among School Governance Council members.

School: _____
