

School Visit Observations

Name of MMS Teacher visiting school: _____ Date of Visit: _____

Name of school and grade: _____

Pre-visit Research:

Use the KDE Open House to find the school's KCCT scores for 2011. (Complete for the area(s) you are focusing/ observing) Look at the previous years to see if any growth or declines have occurred in the past and inquire what caused those areas to improve or decline.

| Area | All Population (% Proficient + Distinguished) | Students with Disabilities | Free/Reduced Lunch (% Proficient + Distinguished) | Open Response (the % of B, 0, 1, 2, 3, 4) |
|-------------------|--------------------------------------------------|----------------------------|------------------------------------------------------|-------------------------------------------|
| Reading | | | | |
| Math | | | | |
| Science | | | | |
| Social Studies | | | | |
| On Demand Writing | | | | |

From the school report card, list any programs or notes of interest:

During the site visit:

| Questions to Ask/ Things to Look For... | Answers/Observations |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <u>School Structure:</u> How are the classes organized (mixed, accel, small groups, etc)? How many students per class? | |
| <u>Assessment:</u> How do they assess student learning? How do they re-teach? How are Open Response/ CR assessed? What motivates their students to learn? | |
| <u>Student Engagement</u> Describe student engagement/ on-task time? What classroom expectations/ procedures do they have in place? | |
| <u>Classroom Instruction:</u> For each area/ program, event, explain how that school implemented this. General / Common Areas: | |

| | |
|------------------------------------------------------------------------------------------------------|--|
| Classroom 1 | |
| Classroom 2 | |
| Classroom 3 | |
| Name and contact information in case you have more questions. [Principal and/or teachers visited] | |

After the site visit:

| |
|-------------------------------------------------------------------------------------------|
| What practice(s) did you see that would benefit your <u>students</u> ? |
| What practices did you see that would benefit <u>you</u> in the classroom? |
| With what you have observed, how will you implement these strategies into your classroom? |
| Additional comments: |
