Introduction

ChartNexus has design and IT expertise in coming up with corporate websites that are customizable based on our client's needs. With a wide range of successful projects under our belt, we are able to replicate such success and detailed designs to other companies in various industries.

We understand that the corporate website plays a vital role in an organization as it represents the company to the online community, thus it is crucial to have a website that showcases the core of the business and what it represents.

We will provide top-notch service to Generasi Nirwana and would like to be part of the online corporate rebranding of Generasi Nirwana.

Objectives

-  Complete website redesign
-  Creation of website HTML compatible with major web browsers
-  Improve the online corporate image of Generasi Nirwana and its subsidiaries
-  To increase traffic flow to the corporate website with the use of search engine optimization (SEO)

ChartNexus' Value Propositions

Expertise in design

-  Having expertise in designing corporate web pages for prominent companies such as The Star Publications, MRCB, UM Land and Sunway Holdings
-  Able to cater to specific and unique requirements of various corporate clients in different industries
-  High degree of customisation to tailor website to customers' needs
-  Expertise in Photoshop, Illustrator, HTML, Flash and action scripts

Our Approach to the Project

Combining the strength of our team in the expertise of Information Technology, we've proved ourselves with track records in website design and creation.

Unlike the rest, we do not create websites according to templates. We ensure that all the websites created are customised to the specific needs of our clients and aligning to their corporate objectives.
