Fee Proposal for the District-Wide Security Project (APN 2012.1)

Mosaic Associates presents the following fee proposal for the District-Wide Security Project (i.e. Smart Schools Project). The scope of the additional services would be to administer the District-Wide Security Project, which was designed by CS Arch and approved by SED under their name and license. Mosaic Associates will provide a "front end" specification so that the work can be bid publicly and/or procured from State Contract vendors, and construction administration (CA) services for the project.

This proposal is related to the approved fee proposal for basic services for the Averill Park CSD 2020 Referendum, dated April 3, 2020.

Fee:

Services will be provided on an hourly basis per the hourly rate chart in the basic services agreement. Consultant's hours will be billed based on invoiced hours multiplied by 1.10.

Reimbursable Expenses

Reimbursable expenses are listed in the referenced Agreement, and shall be based on Mosaic Associate's actual costs multiplied by 1.10.

Maximum Hourly Rates for Compensation for Professional Services

Hourly rates for the technical classifications listed shall not exceed those listed in the basic services proposal.
