

# The Old Vicarage

## Live Music Agreement

This agreement must be signed by the Band / Performer and returned to The Old Vicarage, along with a copy of your Public Liability Insurance, no later than 30 days prior to the event.

- Access to the Marquee is from 9am. Access to the Main House is from 11am. Please arrange with your client with regards to set-up times, as there may not be sufficient space for you to set-up until after the meal, when tables can be removed.

- Live music is permitted strictly until 9pm. The Band / Performer must time their sets, so as that the last song finishes exactly at 9pm, or before. Under no circumstances can live music continue after this time.

- A Noise Limiter is in place in the Marquee. All equipment must be plugged in and played through this. The Noise Limiter in place has been set-up by a professional Sound Engineer.

- It is up to the Band / Performer to perform a sound check, to ensure they are playing within the limits.

- All equipment must be PAT tested

- Speakers must be placed on the floor. They may not be raised off of the floor on either boxes or stands.

- Drums can not be amplified. Base must be kept to a minimum.

- Upon arrival, please report to the Wedding Co-ordinator or Manager.

We work hard to maintain a good relationship with the local council and neighbours, to ensure that we can offer the option of having Live Music in the marquee to our clients.

The above regulations were agreed with the council, in order for us to be able to continue to offer Live Music.

Failure to comply with the above may result in Live Music being ceased.

Sign below to say that you have read and agree to the above conditions:
