

Louis Tudor Scholarship Family Agreement

Swimmer Name: _____

We are applying for the Louis Tudor Scholarship through the Marlins Scholarship Board. In doing so, we agree to the following terms and conditions (please initial each):

_____ We understand that if our swimmer receives the scholarship grant, he or she agrees to swim only with the Marlins for the entire season in which aid is provided. The only exception to this rule is for high school swimming, during which time our child may swim for both the Marlins and his/her high school team.

_____ We understand that if our swimmer quits, violates the Marlin Code of Conduct or becomes suspended from the team during the season in which the grant is awarded that we will be required to pay for the following month.

_____ We agree that our swimmer(s) will attend 50% of the Marlins practices for the season in which the grant is provided. We understand that failure to meet the required number of practices will result in re-payment of the scholarship in the amount that was awarded and used for the season.

_____ We understand that we will be required to work six sessions at either home or away meets during the season in which the award is granted. Volunteering is our responsibility, and not our swimmer's.

_____ We understand that the grant only applies to the _____ season. Any future scholarship grants will require submission of a new request form, Louis Tudor Scholarship Family Agreement and any necessary documents requested by the Marlins Scholarship Board. I understand that grants must be approved by the Marlins Scholarship Board and is subject to the terms and agreements established above.
