Weapons Storage Agreement and Waiver of Liability

I, _____, hereby hold harmless the University of Alaska, its agents and employees, from liability for the loss or damage to any or all weapons and ammunition stored by me in a designated storage facility of the University of Alaska. I understand that the University of Alaska Fairbanks Police Department cannot guarantee the security of any storage room.

The University of Alaska accepts no liability for loss, theft or damage of student belongings. The University of Alaska strongly recommends that all students who place their personnel belongings in storage secure insurance for those items from a private insurance company.

I understand that in order to check out my weapons, I must contact the UAF Police Department at 474-7721 and make arrangements with the on-duty officer to withdraw my weapon. Please note that withdrawal is dependent upon prevailing matters at the time.

In the event that I do not rent and occupy residence hall space at the University of Alaska Fairbanks in any semester, I will remove any such weapons from the University's storage facility within the 30 days after such non-occupancy. If I fail to remove said property, I hereby authorize the University to make disposition of such property according to law without further recourse from me.
