

# South Side High School Mission and Vision Statement

**Mission Statement:** South Side High School's mission is to create and maintain a safe learning environment around a comprehensive educational program that provides the knowledge, attitudes, and skills required to achieve graduation, to continue education and to pursue a career.

**Vision Statement:** The South Side High School Shared Vision Statement is that all students demonstrate exceptional achievement in their class work, assessments, and benchmark tests. Teachers exhibit a variety of teaching methods in the classroom.

## South Side High School Believes

1. All students can learn and succeed at their highest possible level.
2. Students learn best when they have appropriate opportunities for success.
3. Students with special needs require special services and resources to succeed.
4. Students deserve and need a safe and comfortable school environment for learning.
5. Students depend upon thorough intellectual development to achieve.
6. Students require the mastery of basic skills and fundamental processes.
7. Students need career education and/or technical education.
8. Students develop self-worth and a sense of belonging through positive relationships.
9. Students need increased cultural awareness and understanding of others.
10. Students need to develop a sense of moral conduct and a set of values to maximize their success.
11. Students should realize there is more than one means of contributing to the community or being successful.
12. Students will need to apply knowledge from all areas in order to become successful, confident and responsible citizens.
