
School Water Project Proposal

I. Title Page

- Project Title: "School Water Supply Project"
- Submitted By: (Name of Organization/Individual)
- Date of Submission
- Contact Information (Address, Email, Phone Number)

II. Executive Summary

- Overview of the project to provide water to schools.
- Objectives: Ensure students have access to clean water.
- Budget and timeline summary.

III. Introduction

- Importance of clean water in schools.
- Existing challenges in providing safe drinking water.
- Background of the proposing entity.

IV. Problem Statement

- Lack of water access in schools.
- Health and educational impact of water shortages.
- Supporting evidence and data

V. Objectives

- General Objective: Ensure all schools have safe water access.
- Specific Objectives: Install water systems, educate students on water safety.

VI. Project Description

- **Target Schools:** List or description of schools involved.
- **Activities:** Infrastructure installation, water supply, and hygiene training.
- **Technology:** Description of water treatment or delivery systems.
- **Beneficiaries:** Students, staff, and surrounding communities.

VII. Implementation Plan

- **Timeline:** Key milestones (e.g., installations, training sessions).
- **Roles:** Assignments for contractors, educators, and community leaders.
- **Partnerships:** Government and NGOs involvement.

VIII. Budget and Financial Plan

- **Costs:** Infrastructure, labor, maintenance.
- **Funding Sources:** Grants, school budgets, donations.

IX. Expected Outcomes

- Enhanced student health and school attendance.
- Improved educational environment.
- Greater community involvement in water safety.

X. Monitoring and Evaluation

- **KPIs:** Number of systems installed, water quality reports.
- Regular inspections and feedback.

XI. Risk Analysis and Mitigation Plan

- **Risks:** Construction delays, technical failures.
- **Solutions:** Hiring skilled technicians, contingency planning.

XII. Conclusion

- Call to action for supporting safe water access in schools.

- Summary of benefits.

XIII. Annexes

- School surveys, infrastructure designs, budget breakdown.
