Enoch Primordial a book by Brian Godawa

Will the Christians get out in time? But one man stands out from the rest: Enoch, he who walks with God, but also loves his wife and family with all his heart. This second novel in the saga *Chronicles of the Nephilim* is a prequel to *Noah Primeval* that tells the original story of the fallen angel Watchers from heaven and the rise of the Nephilim giants of Genesis 6. Heart-pounding, spiritual warfare, action-adventure and romance by respected Christian and Biblical fiction best-selling author Brian Godawa.

Author Brian Godawa shares an appendix that provides an explanation of Biblical concepts in the novel such as the Watchers, Nephilim, Giants,

Leviathan, the Book of Enoch, and fallen angels. Really liked it, it seemed very biblical from a lot of points and quite accurate from my other studies. What could have made this a 4 or 5-star listening experience for you? Simply a better less repetitive story. This sort of Scooby Doo and the gang meets a day time soap opera thing going on. I don't understand what was with all the lovey dovey banter between the characters and their wives.

I was ready to delete the whole book before finishing it after hearing the "Methuselah poozalah bunnie" and "edna pedala poo" for the umpteenth time. It really made me want to barf. What married couple talks like that let alone ones taking place in a time of turmoil such as this. What do you think the narrator could have done better? He wasn't too bad. His voice for females was a little irritating though. If you could play editor, what scene or scenes would you have cut from Enoch Primordial? All of the banter scenes and the bickering of the Archangels about which killed more giants than the other. The whole Lilith giant tree of corpses miscarriage scene. Added nothing to the story but filler.

Any additional comments? Having read Genesis countless times and the book of Enoch. Both are very profound and thought provoking in what they convey. This book seemed to cheapen the story by making it in to some sort cartoonish wise cracking buddy comedy story. Enoch himself was a very one dimensional. We're talking about a man that "walked with God" to such a degree that God took him and he did not die yet in this book he's very boring. Wonderful audio story of a time of true beginnings of civilization as it was in that time. Loved it!!! Warning: If you are not open minded, then this book is not for you. Brian Godawa takes minor and major characters from the Bible and embellishes the story and characters into a plausible tale. All I can say is, well, it could have happened that way. I am interested in seeing where it goes next.

I felt like I was experiencing the first world as our father and mother did. Would you listen to Enoch Primordial again? Yes; there is a lot going on and the detail is so specific in order to actually gain a true perspective on Brian's story!!! Who was your favorite character and why? Enoch of course Brian really brings the characters to life and helps shape the backstory of how Enoch arrived on the scene and what is actual roll may have been I love Enoch as this leader!!!

Brian is a natural He really gives a great performance Was this a book you wanted to listen to all in one sitting? I did I have already been through all for books of the Saga!! In less than one week For anyone who has questions or would like to entertain a less rigid interpretation of the King James version of the Christian bible these books will be for you!!! Now, I want to see this series done as a major motion picture or an HBO series!!! This saga would give, "Game of Thrones" a run for it's money!! Hope everyone enjoys this series as much as I have!!! Best series of Christian Fiction and enjoyed the biblical back play with it.

Truly amazing. I would encounter others to read Heiser's books. They help to understand these books are closer to reality than we know this side of heaven. Brilliant and engaging. I want to pick this authors head and library. The best way of aligning mythical stories with the biblical record is to read these chronicles. I felt like I was in the story as I listened. It was truly a great and humbling experience. This book has everything! I have enjoyed every moment. Plus, the narrator did a top class job! If you like Sci fi or fantasy books this book is for you. For me it's the perfect escape, a clever blend of dragon type thrill blended with both Christian and Coptic scriptures. The performance of which should receive an award. The characters are so real it felt like catching up to the exploits of family retold over Sunday lunch, groaning at nick names and their habits in the same way I do with real family.

Search this site. Report abuse. Brian Godawa, the award-winning screenwriter of To End All Wars, and author of the best-selling book Hollywood Worldviews, has once again shattered the mold of Christian fiction. Now, with the release of Enoch Primordial, the second book in the epic Chronicles of the Nephilim saga, Godawa continues to receive phenomenally positive reviews across the Internet and on Amazon.

Enoch Primordial is the prequel to his novel Noah Primeval. It tells the story of Enoch, a wisdom sage called by God to pronounce judgment on the fallen angelic Watchers and their giant progeny, the Nephilim. It opens generations before Noah with the original fall of the Watchers from Heaven and their secret plan to defy God and dominate the world. Godawa has long been known as a storyteller who both entertains and educates. Years of Biblical research are indexed in the back of the book on topics that appear in the novel, such as the Watchers, the Book of Enoch, Cherubim and Seraphim, and the Biblical demonization of pagan gods, that inspired Enoch Primordial.

By using the fantasy genre, he is able to express theological truths and open the conversation about these often misunderstood references in early scriptures and other historical writings. Author Godawa says of Enoch: "Genesis only says that he walked with God and was not, for God took him. I became fascinated with him by reading in the New Testament a quote from another ancient book, the Book of Enoch, that talked in more detail about this holy man and his interaction with the Watchers and the giants of Genesis 6. I knew I had to bring this story to our generation because it was so inspirational, imaginative, and theologically profound."

Storytellers and scholars rave: Enoch Primordial is an imaginative tale that respects and loves the book of Genesis. It is set in the distant past, yet kicks pagan modernity in the crotch.

Enoch Primordial by Brian Godawa | Audiobook |

Nov 07, Sheila Coldiron rated it did not like it. This book is the 2nd book by Brian Godawa I have read, and I don't recommend it to anyone. In addition to its violence, it obviously has a political agenda. Brian seems to have the conviction that capitalism is in God's plan. Sorry I tried to read this book. View 1 comment. Jul 26, Yeshua rated it liked it Shelves: religion. Please see: "When Giants were upon the earth" also by the author, in connection with this series! I find this prequel rather interesting. The research is compelling. It took me the entire half of this book to get into it, but once I did I didn't want to put it down and read past what was scheduled for school. Can't wait to ramble about it to my Ma. Nov 11, Kevin Black rated it really liked it. Great story. Lots of action and suspense. I like how the writer weaves the facts of the Bible with fiction, trying not to cross the boundary of too much fantasy.

I did have an issue with the ridiculous pet names for each other. They were ridiculous and not needed. Jan 06, Sunderbug rated it it was amazing. Should be read before first book in series. Good book though but reading first book kinda is a spoiler for the rest. Feb 21, Maeceon rated it really liked it. My husband recommended this book because he knows I enjoy biblical stories. This is a great read full of action and adventure. Not what you think. Aug 17, Nikki Wotherspoon rated it it was amazing. I absolutely love this book series. It is fantastic! I'll be downloading the next book in the series tomorrow, Gilgamesh Immortal, and jumping right into it! May 27, Wes rated it really liked it. I enjoyed the book. I'm not sure how I feel about the direction that was taken but I did enjoy the book. Feb 27, Jeremy rated it it was amazing.

I loved the story. I was captured by the actions of war and intrigued by the relationships of Enoch, Lamech, and Methuselah. I enjoyed the quick and occasional references to Noah Primeval. Feb 27, Evan Minton rated it it was amazing. Enoch Primordial is the second installment in Brian Godawa's "Chronicles of the Nephilim" novel series. However, the events of this book are chronologically prior to the events of the first book "Noah Primeval". Therefore, I would recommend that you read this book before Noah Primeval if you would like to keep the story strictly chronological. It even says that it is a prequel on the cover of the book. At first, the Watchers did this purely out of lust. But after having revealed that God had a plan to destroy the Watchers and Satan who was the serpent who tempted Adam and Eve to sin in the Garden of Eden, they decided to interbreed more with human women in order to poison the lineage of the "chosen seed".

Both this book and Noah Primeval will be really weird to a lot of evangelicals who are not familiar with Divine Council Theology and the Quasi Divine view of the Nephilim. However, having followed Michael Heiser's work for a couple of years I am very familiar with the theology in the novel. However for those who aren't, in every single installment of The Chronicles of the Nephilim series oh, Godawa has appendices that explain and defend where he is getting his ideas from. He's not just conjuring them up out of his head for the most part. Of course, since the Primeval history of Genesis 1. But the basic ideas and storyline is founded on solid Biblical exegesis and a knowledge of ancient Near Eastern thinking and Second Temple Judaism. Satan was trying to accuse God of all kinds of different injustices, and the arguments that he trotted forth or arguments that I have had to contend with out of the mouths of atheist Time After Time After Time In My Time as a Christian apologist.

Enoch skillfully refuted all of Satan's accusations of God being a tyrant, a misogynist, an animal abuser, etc. Although, I didn't agree with all of the answers that the novel Enoch gave because I don't agree with the theology. For example, I do not take the inherited guilt view of Romans 5 so if I were in Enoch's position I would have denied that God does in fact hold all of humanity accountable for what Adam and Eve did.

Nevertheless, the novel Enoch did give very good answers to Satan's problem of evil and other objections. I especially like the fact that Enoch and the son of man pointed out that if it weren't for God, there would not even be a moral standard by which to judge God as immoral! Without God, there is no objective morality. Without God, all things are permitted. As the son of man said in his summary judgment at the end, in order to accuse God of injustice, Satan had to be like a child who sits in his father's lap in order to slap his face. This novel series, and this book in particular, really held my attention. It is so full of action-packed battles between the "Giant Killers" I. I finished the novel in 2 days because I just could not let it go. This book kind of feels like Lord of the Rings meets The Bible.

If you're into either of those kinds of novels and you also want Divine Council theology in an engaging narrative form, I recommend that you read this. I have said it before and I will say it again. Brian Godawa is the C. S Lewis of our time. Aug 02, Brian Tubbs rated it really liked it. His imagination is clearly on overdrive. And while I understand this is fiction, still... I prefer when authors play it much more conservatively when it comes to historical fiction. For all its flaws, the book makes for enjoyable reading. Not only that, but I have to give props to the author for all his research into Ancient Near Eastern history and literature. While I think his imagination went too far in places, there is a basis for his speculation and creative interpretation. He lays that all out in the Appendix. Bottom line: If you like Christian fantasy, give it a try.

Just take his portrayal of the characters Enoch, Methuselah, Lamech, etc with a grain of salt. Feb 28, Natasha rated it liked it. As other reviewers have pointed out, this should have been Book 1 in this series. It's a stronger story, and it lays the groundwork for the story of Noah. Enoch has been a person of great interest to me since I first heard about him in Sunday School. Enoch, father of Methuselah and an ancestor of Noah, was a man who never faced death. According to the Bible, he was taken by God at the age of from this Earth. The time period that he lived in was a fascinating period. According to the Bible, As other reviewers have pointed out, this should have been Book 1 in this series. According to the Bible, the sons of God mated with the daughters of Adam and produced a race of giants.

I don't believe the plot of the story that claims these women were forcibly taken from their homes and died giving birth to this new breed of beings. On another note, this book led to a lengthy discussion between me and my theologian mother about angels. I had more questions than she had answers. Aren't angels genderless with male names? How were they able to manifest themselves in human form and mate with human women? Were these the fallen angels who were kicked out of Heaven with Lucifer? In any case, I once again found the historical information more fascinating than the fictional aspects of the story. Oct 22, Raf rated it really liked it. This was my first Brian Godawa book and I was really impressed. I could tell the author clearly did his research, which I am sure took a lot of time. I could tell the author also dove into the non-canonical books of scripture to make things interesting and while some people might not necessarily like that, I personally thought it enhanced the story even more.

The character This was my first Brian Godawa book and I was really impressed. The characters felt very real and the emotions and struggles they endured were heartfelt by me as the reader. Feb 08, Rachel P rated it really liked it. I'm enjoying these Chronicles of the Nephilim books. I love historical fiction because of the way it brings history to life for me. I had never much thought about what the world was like in antediluvian times, as the Bible has a very abbreviated account. While I know this is a fantastical fiction tale, I also believe certain aspects of it to be true especially about the "gods" of the ancient world being real fallen angels "Watchers". This story gave me a perspective on life in the ancient wor I'm enjoying these Chronicles of the Nephilim books.

Heiser reveals what the Bible really says about God's supernatural servants. Heiser focuses on loyal, holy heavenly beings because the Bible has a lot more to say about them than most people suspect. Most people presume all there is to know about angels is what has been passed on in Christian tradition, but in reality, that tradition is quite incomplete and often inaccurate. Angels is not guided by traditions, stories, speculations, or myths about angels. Asia, 66 A. But when he reveals the meaning of his secret apocalypse, their world is turned upside down. They journey to Jerusalem where a zealot revolt has broken out, and threatens to bring the Roman war machine down upon them all. Will the Christians get out in time? But one man stands out from the rest: Enoch, he who walks with God, but also loves his wife and family with all his heart.

This second novel in the saga Chronicles of the Nephilim is a prequel to Noah Primeval that tells the original story of the fallen angel Watchers from heaven and the rise of the Nephilim giants of Genesis 6. Heart-pounding, spiritual warfare, action-adventure and romance by respected Christian and Biblical fiction best-selling author Brian Godawa. Author Brian Godawa shares an appendix that provides an explanation of Biblical concepts in the novel such as the Watchers, Nephilim, Giants, Leviathan, the Book of Enoch, and fallen angels.

Really liked it, it seemed very biblical from a lot of points and quite accurate from my other studies. What could have made this a 4 or 5-star listening experience for you? Simply a better less repetitive story. This sort of Scooby Doo and the gang meets a day time soap opera thing going on. I don't understand what was with all the lovey dovey banter between the characters and their wives.

I was ready to delete the whole book before finishing it after hearing the "Methuselah poozalah bunnie" and "edna pedala poo" for the umpteenth time. It really made me want to barf. What married couple talks like that let alone ones taking place in a time of turmoil such as this. What do you think the narrator could have done better? He wasn't too bad. His voice for females was a little irritating though. If you could play editor, what scene or scenes would you have cut from Enoch Primordial?

All of the banter scenes and the bickering of the Archangels about which killed more giants than the other. The whole Lilith giant tree of corpses miscarriage scene. Added nothing to the story but filler. Any additional comments? Having read Genesis countless times and the book of Enoch. Both are very profound and thought provoking in what they convey. This book seemed to cheapen the story by making it in to some sort cartoonish wise cracking buddy comedy story. Enoch himself was a very one dimensional. We're talking about a man that "walked with God" to such a degree that God took him and he did not die yet in this book he's very boring.

Wonderful audio story of a time of true beginnings of civilization as it was in that time. Loved it!!! Warning: If you are not open minded, then this book is not for you. Brian Godawa takes minor and major characters from the Bible and embellishes the story and characters into a plausible tale. All I can say is, well, it could have happened that way. I am interested in seeing where it goes next. I felt like I was experiencing the first world as our father and mother did. Would you listen to Enoch Primordial again? Yes; there is a lot going on and the detail is so specific in order to actually gain a true perspective on Brian's story!!! Who was your favorite character and why? Enoch of course Brian really brings the characters to life and helps shape the backstory of how Enoch arrived on the scene and what is actual roll may have been I love Enoch as this leader!!!

Brian is a natural He really gives a great performance Was this a book you wanted to listen to all in one sitting? I did I have already been through all for books of the Saga!! In less than one week For anyone who has questions or would like to entertain a less rigid interpretation of the King James version of the Christian bible these books will be for you!!! Now, I want to see this series done as a major motion picture or an HBO

series!!!

This saga would give, "Game of Thrones" a run for it's money!! Hope everyone enjoys this series as much as I have!!! Best series of Christian Fiction and enjoyed the biblical back play with it. Truly amazing. I would encounter others to read Heiser's books. They help to understand these books are closer to reality than we know this side of heaven. Brilliant and engaging. I want to pick this authors head and library. The best way of aligning mythical stories with the biblical record is to read these chronicles. I felt like I was in the story as I listened. But Enoch Primordial and Chronicles of the Nephilim Biblical Fantasy Series tells the original story from the ancient past that all began with Genesis 6. Author Godawa shares the scholarly research that undergirds the fictional adventure. Enoch Primordial has appendices that provide an explanation of Biblical concepts in the novel such as the Watchers, Nephilim, Giants, Leviathan, the Book of Enoch and other Biblical mysteries.

Enoch Primordial is written in the spirit of The Chronicles of Narnia and The Lord of the Rings , blending fantasy and mythopoeia with history to retell the Biblical narrative with a fresh perspective, making it come alive in a new way, while staying true to the original spirit of the Bible story. It's like filling in the story between the lines of what the Bible tells us. Some Christians have asked what "rating" the novels have in terms of the portrayal of sex and violence. I would say the series is rated PG The Chronicles do deal with evil behaviors that would be appropriate for mature teens and above. The violence in the Chronicles is like the book of Judges.

ENOCH PRIMORDIAL – HM Magazine

Storytellers and scholars rave:. Enoch Primordial is an imaginative tale that respects and loves the book of Genesis. It is set in the distant past, yet kicks pagan modernity in the crotch. Chronicles of the Nephilim is a saga that deserves our attention! Godawa picks up where he left off on the wild mythopoeic journey he began in Noah Primeval. He skillfully transforms the mild-mannered, stoic biblical characters of our church-ed imagination into epic warriors. Long live Enoch the giant killer! Despite the liberties taken in his fantasy, the author weaves a high regard for the Bible with a subversive appreciation of ancient Mesopotamia and its mythology. Intelligent yet entertaining. Are you kidding me? I have already been through all for books of the Saga!!

In less than one week For anyone who has questions or would like to entertain a less rigid interpretation of the King James version of the Christian bible these books will be for you!!! I finished the novel in 2 days because I just could not let it go. This book kind of feels like Lord of the Rings meets The Bible. If you're into either of those kinds of novels and you also want Divine Council theology in an engaging narrative form, I recommend that you read this. I have said it before and I will say it again. Brian Godawa is the C. S. Lewis of our time. Aug 02, Brian Tubbs rated it really liked it.

His imagination is clearly on overdrive. And while I understand this is fiction, still... I prefer when authors play it much more conservatively when it comes to historical fiction. For all its flaws, the book makes for enjoyable reading. Not only that, but I have to give props to the author for all his research into Ancient Near Eastern history and literature.

While I think his imagination went too far in places, there is a basis for his speculation and creative interpretation. He lays that all out in the Appendix. Bottom line: If you like Christian fantasy, give it a try. Just take his portrayal of the characters Enoch, Methuselah, Lamech, etc with a grain of salt. Feb 28, Natasha rated it liked it. As other reviewers have pointed out, this should have been Book 1 in this series. It's a stronger story, and it lays the groundwork for the story of Noah. Enoch has been a person of great interest to me since I first heard about him in Sunday School. Enoch, father of Methuselah and an ancestor of Noah, was a man who never faced death. According to the Bible, he was taken by God at the age of from this Earth. The time period that he lived in was a fascinating period. According to the Bible, As other reviewers have pointed out, this should have been Book 1 in this series. According to the Bible, the sons of God mated with the daughters of Adam and produced a race of giants.

I don't believe the plot of the story that claims these women were forcibly taken from their homes and died giving birth to this new breed of beings. On another note, this book led to a lengthy discussion between me and my theologian mother about angels. I had more questions than she had answers. Aren't angels genderless with male names?
