

# League Baseball Scoresheet

A **League Baseball Scoresheet** adheres to league rules and emphasizes standardization.

## 1. Header Section

- **League Information:**
  - League Name, Division, and Game ID (if applicable)
  - Teams, Date, Time, and Venue
- **Officials:**
  - Umpires and Scorers

## 2. Lineups

- **Batting Order:**
  - Player Names, Numbers, and Positions
  - Additional space for stats like season batting average or league rankings

## 3. Standardized Innings Grid

- **Player Tracking:**
  - Rows for batting order
  - Columns for each inning (1–9 or extras)
  - Standardized symbols for play outcomes (e.g., SO for strikeout, HR for home run)
- **Team Totals:**
  - Runs, hits, and errors per inning

## 4. Pitching Section

- For each pitcher:

- Innings pitched, runs allowed, earned runs, strikeouts, walks, and pitch count
- Space to note substitutions and relievers

## 5. League-Specific Features

- **Special Rules:**
  - Space for recording rule applications (e.g., mercy rule, extra inning rules)
- **Player of the Game:**
  - Section for noting standout performances

## 6. Game Summary

- Line Score:
  - Runs per inning with totals
- Space for additional notes, highlights, or unusual events.
