

BEAUTY AND THE BEAST MAKEUP

ENSEMBLE

The ensemble for this show will be using a clean/natural look. Theater lights can wash faces out and makeup is a great tool for making eyes, cheeks, and lips pop! Theatre makeup kits (e.g., Ben Nye) are specifically designed for use onstage and are therefore the most effective. However, **some** street makeup brands/products can be used. Look for words like “high pigment”, and “full coverage” while you are shopping as clues for products that’s will work onstage. Avoid words like “mineral” and “sheer”.

Recommended affordable store brands are: Wet n Wild, NYX, and e.l.f. If you are unsure of what colors to use, please use the table on the back of this sheet as a guideline.

Burgundy and Cherry:

The younger performers do not need a full face of makeup. A little blush on the apples of the cheeks, darken their brows with shadow or pencil if they are fair skinned. Mascara on the tips of the lashes. If you prefer to not use lipstick, tinted chapstick is also a handy tool for making lips stand out onstage.

Daisy and Emerald:

These performers will be in a full face of makeup. A full face includes: base, shadow contour, blush, eyeshadow, eyeliner/brow liner, mascara, and lip color. Remember the look for this show is natural. If you are unsure of what colors to use, please use the table on the back of this sheet as a guideline.

LEADS

Most leads will be doing their own makeup. We will have renderings available for you to take a photo of. Some leads will require the application of character/specialty makeup applied by our makeup artists.

Beast- all makeup will be applied by the makeup artists. Please arrive with your face clean and lightly moisturized to protect your skin from the prosthetic adhesive.

Mrs. Potts, Wardrobe, Cogsworth, Lumiere: you will need aging makeup applied by the artists. Please arrive with your ensemble makeup on as a base.

Enchantress- you will have character makeup applied by the artists. Please arrive with your ensemble makeup on as a base.

Babette, Gaston, Belle, Silly Girls: You will be wearing something called beauty makeup. Simply put, it is your ensemble makeup but applied a little heavier. You may add highlighter to your facial bones and fake lashes as well. Please see me to take a photo of your rendering.

Please remember to stay safe and healthy. You should NEVER SHARE MAKEUP with another performer. If you have any questions, feel free to contact me: Katherine (714) 293-7789
