# Underwear

## BRIDE'S TROUSSEAU WEDDING PLANNER

Underwear is the base of every well fitting dress. You should always buy your underwear before taking the dress for alterations. If you're getting your dress done by a seamstress, you should get your underwear when the design of the dress is chosen.

Always check if an underskirt is included when you buy your dress and if not, what shape it should be to best support the silhouette of the dress. Pick the underwear you need according the dress style and your wants, but get quality pieces for your comfort and support.

# Alterations

## BRIDE'S TROUSSEAU WEDDING PLANNER

Alterations typically cost about 25-30% of the prize of the dress, but can be also more. Most probable alterations you may need are hemming, shortening of straps, letting a dress out or taking it in around the waist or adding details like sleeves or train loops.

# Accessories

## BRIDE'S TROUSSEAU WEDDING PLANNER

If there's one thing to splurge in it's the accessories. Accessories finish the outfit and good accessories elevate and upgrade simpler dresses like no other thing.

They are also one of the few things you can reuse after the wedding and they make great keepsakes as most of them fit into shadowboxes or shelves.

# Going away outfit

## BRIDE'S TROUSSEAU WEDDING PLANNER

The going away outfit was typically something the bride wore while leaving for the honeymoon. It often also stayed as a better visiting outfit in the bride's wardrobe after the wedding.

Modern brides might change into a more comfortable look for the evening reception. It's a good opportunity to get into something sexier for the wedding night and freshen up.

# Cleaners

## BRIDE'S TROUSSEAU WEDDING PLANNER

You might need to take your dress to the cleaners before wedding for ironing and steaming if you don't want to do it yourself. It's also good to scout the cleaner for the dress before the wedding so you actually take it to the cleaning afterwards. This way the dress will be in a much better shape for storing or reselling.
