

# wedding beauty CHECKLIST

## 9-12 months before

- Decide on your wedding beauty budget. Don't forget to include any pre-wedding treatments, such as facials into your plans.
- Start a Pinterest board to collect photos and inspiration for your big day.
- Decide if you want to have your hair and make-up done in our studio or if you'd like us to come to you and be on site.
- If you're thinking of a new haircut or color for your wedding, then now's the time to try it all out.

## 6-9 months before

- Schedule trial hair and make-up run with Leslie Fair.
- Secure your date and hair and make-up services with Leslie Fair for your big day.

## 4-6 months before

- Visit a dermatologist if you have any minor skin issues you want to address before your wedding.
- Test-drive any skin and body treatments to make sure you don't have a bad reaction. Plan a schedule of services with your esthetician.
- Consult with a brow specialist if brows need to grow out and/or be reshaped.

## 1 month before

- Get a trim.
- Begin an optional at-home tooth-whitening treatment, or go in for a professional one.

## 2 weeks before

- Touch-up your roots if your hair is colored.
  - Prepare crystal-clear directions to your wedding site, and deliver them to everyone on your beauty team.
  - List your contact information and beauty team arrival times.
  - Schedule manicures and pedicures for the day before the wedding.
- To save time, prepay for any beauty services scheduled for the day of the wedding.

## 1 week before

- Confirm all beauty appointments.
- Get brows, bikini line, etc. waxed.
- Arrange to have a bridesmaid bring any hairpieces or accessories to the wedding site, so you don't have to worry about keeping track of them on the big day.
- Start packing a bag with everything you will need for the wedding day.
- Get your final facial and/or body treatments to ensure maximum glow for your wedding.

## 1-2 days before

- If you plan on doing a spray tan, do this two days before.
- Go in for a manicure and pedicure. It's a good idea to bring your own colors so you can touch up any last-minute chips.
- Wash your hair for the last time before your wedding.
- Day-dirty hair holds a style much better than freshly washed hair.
- Do a deep-conditioning hair treatment approved by your stylist.
- Apply an at-home brightening facemask approved by your esthetician and only if you're certain it won't cause an adverse reaction

## the wedding day

- Shower four to five hours before your call-time with a tight shower cap on to protect your hair.
- Don't forget to moisturize your hands and double-check your manicure. All eyes are on your new ring!
- Take your touch-up essentials with you when you head to the ceremony.
- Spritz perfume just as you're leaving so you'll still have it on as you walk down the aisle.
- Relax and enjoy! Let Leslie Fair and her team pamper you and those closest to you!
