# Individual Student Lesson Plan

## General Information

- **Student Name:**
- **Grade Level:**
- **Subject/Focus Area:**
- **Date:**
- **Teacher:**

## Learning Objectives

- **Example:**
  - Improve reading comprehension by answering 3 questions about a story.
  - Solve 5 addition problems with 90% accuracy.

## Materials and Resources

- Storybooks, manipulatives, worksheets.

## Standards Alignment

- Individualized Education Plan (IEP) goals or curriculum standards.

## Lesson Structure

### a. Introduction (5 minutes):

- Review prior knowledge or discuss the objective: "Let's read this story together and answer questions."

### b. Instruction (10-15 minutes):

- Guided reading or demonstration of solving problems.

**c. Guided Practice (10 minutes):**

- Work together to solve 2 problems or answer 1 question.

**d. Independent Practice (10 minutes):**

- Student completes a task independently with teacher observation.

**e. Closure (5 minutes):**

- Recap: "What did we learn today?"

**Assessment**

- Review the completed task.
- Note progress toward goals.

**Differentiation**

- Provide visual aids or extra examples as needed.
- Offer extension tasks for advanced skills.

**Reflection**

- Did the student achieve their objective?
- What adjustments might be helpful next time?
