There are 10 different PDF templates, from a yearly calendar on a single page (the whole year at a glance) to a quarterly calendar (3 months/1 quarter on one page), available in both landscape and portrait orientation. The files are saved in Adobe PDF format (file extension .pdf) and can be opened with the Adobe Acrobat Reader and most other PDF readers, for example the PDF-XChange Viewer and the Foxit Reader. The files can be scaled up and down so they can be printed on paper sizes larger or smaller than standard letter paper (see instructions). Important note regarding paper size: All templates downloadable below are in US letter paper size (8.5 by 11 inches - as used in the USA, Canada, Mexico, the Philippines and some South American countries). For templates in A4 paper size (the international standard paper size used in all other parts of the world) please see Calendarpedia's UK edition.
