VERBAL ABILITY SPELLING – PRACTICE TEST 1

Questions where you have to identify incorrectly spelt words are common in all levels of verbal ability tests. The test designer needs to choose commonly misspelled words which are in regular use, as it would be unfair to use obscure words which only a small percentage of candidates could be expected to know. This means that the test designer has a relatively restricted list of words to choose from and you will find that the same words tend to appear in many different suppliers tests.

Spelling		Operatives	Supervisory	Management
Craft & Technical		Y	Y	Y
Clerical & Administrative		Y	Y	Y
Police, Fire, Military etc.	Y			
Management Trainee	Y			
Graduate & Professional	Y			

Please note that many test suppliers frame their spelling questions in a different way to those in this practice test. For example:

Choose the pair of words that best completes the sentence.

The _____ of the timetable caused some _____.

- A) rivision B) revision C) revission D) revition
A) inconvenience B) inconvenince C) inconveneince D) inconveniance

However, what is being tested here is your ability to spell these words correctly rather than anything else. Improving your performance on these spelling questions is straightforward. Work through these test papers methodically and make a note of the ones you get wrong. This will give you a list of words that you need to learn to spell correctly.
