About Me

Hello, my name is Mrs. Wilson, and I will be helping your child this school year to improve their speech and language skills. I will send home worksheets for you to work on with your child. These worksheets should be sent back to school the following day. I look forward to working with you and your child to improve their communication skills!

You Can Help!

I encourage you to talk with your child about what was learned in speech each day. This helps develop their ability to express themselves and understand speech. Here are some other ways you can help at home:

- Use rich vocabulary.
- Speak slowly and clearly.
- Allow time for your child to process information and give a response.
- Ask open ended questions.
