

6th Grade Addition and Subtraction Worksheet

Name: _____

Date: _____

Section 1: Multi-Digit Addition and Subtraction

- $2,002 + 3,998 =$
- $654 + 1,346 =$
- $2,222 + 1,778 =$
- $2,000 - 789 =$
- $1,234 - 567 =$
- $3,000 - 2,222 =$

Section 2: Adding and Subtracting Negative Numbers

- $-15 + 25 =$
- $50 - (-25) =$
- $-100 + 50 =$
- $75 + (-35) =$
- $-45 - 20 =$

Section 3: Word Problems

- Jessica saved \$456 in January and \$789 in February.
How much did she save in total? _____
- John had a debt of $-\$100$. He paid off \$50. What is his remaining debt? _____

6th Grade Addition and Subtraction Worksheet Answer Key

Name: _____

Date: _____

Section 1: Multi-Digit Addition and Subtraction

- $2,002 + 3,998 = \mathbf{6,000}$
- $654 + 1,346 = \mathbf{2,000}$
- $2,222 + 1,778 = \mathbf{4,000}$
- $2,000 - 789 = \mathbf{1,211}$
- $1,234 - 567 = \mathbf{667}$
- $3,000 - 2,222 = \mathbf{778}$

Section 2: Adding and Subtracting Negative Numbers

- $-15 + 25 = \mathbf{10}$
- $50 - (-25) = \mathbf{75}$
- $-100 + 50 = \mathbf{-50}$
- $75 + (-35) = \mathbf{40}$
- $-45 - 20 = \mathbf{-65}$

Section 3: Word Problems

- Jessica saved \$456 in January and \$789 in February.
How much did she save in total? Jessica saved a total of \$1,245.
- John had a debt of -\$100. He paid off \$50. What is his remaining debt? John's remaining debt is -\$50.
